

Concierge Health services

MARCELLE RUTH
CANCER CENTRE & SPECIALIST HOSPITAL

At **Marcelle Ruth**, we believe that adopting good lifestyle habits is key to preventing and combating ill health, including cancer. In addition to living well, regular medical assessments have been shown time and again, to either prevent cancer and other chronic disorders, or at least pick them up at the earliest opportunity. We know that early detection and diagnosis can significantly improve cancer survival rates, reduce the complexity of treatment required and is key to achieving long-term survival of our patients.

Concierge Health services

Concierge Health at Marcelle Ruth provides you with a thorough health assessment tailored to your age and needs.

Our centre in the heart of Victoria Island, offers a comfortable and private setting where we offer everything from screening through to diagnosis, treatment and lifestyle planning all under one roof, so whatever the outcome of your assessment, we are by your side at every step.

You will be guided through each aspect of your screening and medical consultations, laboratory tests, imaging including X-rays, ultrasound scans, CT scans, mammography for women and colonoscopy where needed.

A follow-up appointment will be organised with a doctor to review your results. Where any medical conditions are detected, a treatment plan will be developed together with our wide range of medical and surgical specialists as well as other services including nutritionists, physiotherapists and counsellors.

In these extraordinary times, your health and wellbeing are more important than ever. Concierge Health at Marcelle Ruth is uniquely placed to provide “total wellness” and to save lives.

Call us today on +234 906 200 0773 to find out how our Concierge and Concierge Plus packages can help you and your family adopt a lifetime of healthy habits and offer you peace of mind.

Insurance partnerships

We accept payment from the following insurance companies: Aetna, Allianz, Avon HMO, AXA Mansard, Bupa, CEGA, Cigna, Global Benefits Group, Leadway Assurance, NNPC Health Maintenance, Now Health International, Redcare HMO and United Health Group.
